**EXHIBIT B - CONDITIONS OF APPROVAL**  
**DRC2013-00098 Cameron**

**Approved Development**

1. This approval authorizes a Minor Use Permit to allow the construction of:
  - a. A one-story 323 square-foot guesthouse and 306 square foot garage. The project will result in the disturbance of approximately 700 square feet of a 5,133 square foot parcel.
  - b. Maximum height is 15 feet (as measured from the center line of the fronting street at a point midway between the two side property lines projected to the street center line, to the highest point of the roof).

**Conditions required to be completed at the time of application for construction permits**

2. **At the time of application for construction permits**, all project conditions shall be clearly printed on the plans and construction documents shall be consistent with the currently adopted California Codes.
3. **At the time of application for construction permits**, all plans and engineering shall be prepared by a California Licensed Architect of Record or Engineer for all design portions of the project that do not meet "conventional construction" as defined by the current building code.
4. **At the time of application for construction permits**, the project is subject to the California State Title 24 energy laws.

**Site Development**

5. **At the time of application for construction permits** plans submitted shall show all development consistent with the approved site plan, floor plan, architectural elevations and landscape plan.
6. **At the time of application for construction permits**, the applicant shall provide details on any proposed exterior lighting, if applicable. The details shall include the height, location, and intensity of all exterior lighting. All lighting fixtures shall be shielded so that neither the lamp nor the related reflector interior surface is visible from adjacent properties. Light hoods shall be dark colored.

**Fire Safety**

7. Installation of a fire sprinkler system is required for the residence.
8. **At the time of application for construction permits**, all plans submitted to the Department of Planning and Building shall meet the fire and life safety requirements of the California Fire Code. Requirements shall include, but not be limited to those outlined in the Fire Safety Plan, to be prepared at the time of application for construction permits by the Cayucos Fire Department for this proposed project.

**Services**

9. **At the time of application for construction permits**, the applicant shall provide confirmation of water and sewer availability letters from Paso Robles Beach Water Association and Cayucos Sanitary District to service the property and the addition.

**Grading, Drainage, Sedimentation and Erosion Control**

10. **At the time of application for construction permits**, the applicant shall submit a complete drainage plan for review and approval, by the Public Works Department, in accordance with Section 23.05.040 through 23.05.050 of the Coastal Zone Land Use Ordinance. Drainage plans should be designed to retain water on-site and encourage infiltration when feasible.
11. **Prior to issuance of construction permits**, if grading is to occur between October 15 and April 15, a sedimentation and erosion control plan shall be submitted pursuant to Coastal Zone Land Use Ordinance Section 23.05.036.
12. **Prior to issuance of construction permits**, the applicant shall submit a drainage plan for review and approval by the County Public Works Department, which shall conform to the "National Pollutant Discharge Elimination System" storm water management program regulations.

**Fees**

13. **Prior to issuance of a construction permit**, the applicant shall pay all applicable school and public facilities fees.

**Conditions to be completed during project construction**

**Building Height**

14. The maximum height of the project is 15 feet (as measured from the center line of the fronting street at a point midway between the two side property lines projected to the street center line, to the highest point of the roof).
  - a. **Prior to any site disturbance**, a licensed surveyor or civil engineer shall stake the lot corners, building corners, and establish average natural grade and set a reference point (benchmark).
  - b. **Prior to approval of the foundation inspection**, the benchmark shall be inspected by a licensed surveyor prior to pouring footings or retaining walls, as an added precaution.
  - c. **Prior to approval of the roof nailing inspection**, the applicant shall provide the building inspector with documentation that gives the height reference, the allowable height and the actual height of the structure. This certification shall be prepared by a licensed surveyor or civil engineer.

**Grading, Drainage, Sedimentation and Erosion Control**

15. **Prior to or concurrently with on-site grading activities**, permanent erosion control devices shall be installed.
16. All runoff from impervious surfaces such as roofs, driveways, walks, patios, decks, shall be collected and detained on-site, or passed on through an effective erosion control device or drainage system approved by the County Engineer.

## ATTACHMENT 2

17. Grading, filling or site disturbance of existing soil and vegetation shall be limited to the minimum areas necessary.
18. Stockpiles and other disturbed soils shall be protected from rain and erosion by plastic sheets or other covering.
19. All areas disturbed by grading activities shall be revegetated with temporary or permanent erosion control devices in place.
20. Appropriate sedimentation measures to be implemented at the end of each day's work.

### **Conditions to be completed prior to occupancy or final building inspection**

21. **Prior to occupancy or final inspection**, whichever occurs first, the applicant shall obtain final inspection and approval from Cayucos Fire Department of all required fire/life safety measures.
22. **Prior to occupancy or final inspection**, whichever occurs first, the applicant shall obtain final inspection and approval from Cayucos Sanitary District
23. **Prior to occupancy or final inspection**, landscaping shall be installed in accordance with the approved landscaping plan.
24. **Prior to occupancy of any structure associated with this approval**, the applicant shall contact the Department of Planning and Building to have the site inspected for compliance with the conditions of this approval.

### **On-going conditions of approval (valid for the life of the project)**

25. This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 23.02.050 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Land Use Ordinance Section 23.02.042 as site work progressed beyond grading and completion of structural foundations; and construction is occurring above grade.
26. All conditions of this approval shall be strictly adhered to, within the time frames specified, and in an on-going manner for the life of the project. Failure to comply with these conditions of approval may result in an immediate enforcement action by the Department of Planning and Building. If it is determined that violation(s) of these conditions of approval have occurred, or are occurring, this approval may be revoked pursuant to Section 23.10.160 of the Land Use Ordinance.
